Dear Dave,

Thank you very much for your generous donation of \$1000 on 08/27/2008 to Albany SchoolCARE, and for your commitment to quality education in Albany. Your gift will help to maintain the level of excellence we have come to expect from our Albany schools.

We can all be proud—due to your generosity and to continued community support, SchoolCARE has contributed more than \$1.6 million to Albany education since it began in 2001! As a result, many essential courses and programs at all grade levels are being preserved in Albany schools. For the 2007-08 school year, SchoolCARE is funding reading and math specialists, and library and classroom aides at Cornell, Marin, and Ocean View Elementary schools; counseling, aides and 6<sup>th</sup> grade enrichment at Albany Middle School; Career/College/Tutoring coordinator, multimedia technology initiative, mental health counseling, and FLI service learning program at Albany High School; and counseling and visiting chefs for the Culinary Arts program at MacGregor High School.

The upcoming school year brings exciting possibilities such as the prospect of restoring enrichment programs in Albany schools – valuable programs that were set aside for financial reasons over the past decade and which we now have the chance to bring back.

What was true when we first began in 2001 is true today, and will continue to be true for the foreseeable future: “If we want great schools, we have to support them.” Together we can make this possible. Thank you.

For questions about your donation, please call Julie Burke, Treasurer, at 524-6541. For other SchoolCARE matters, please call Teresa Barnett, President, at 526-6748.

Sincerely,

  
Theresa Rumjahn  
SchoolCARE
